

AbstraktKategoria

```
classDiagram
    class AbstraktKategoria
    class Kolacja
    class Obiad
    class Sniadanie
    Kolacja --|> AbstraktKategoria
    Obiad --|> AbstraktKategoria
    Sniadanie --|> AbstraktKategoria
```

A UML class diagram illustrating inheritance. At the top is the class 'AbstraktKategoria'. Below it are three subclasses: 'Kolacja', 'Obiad', and 'Sniadanie'. A horizontal line connects the three subclasses, with vertical lines extending upwards from each to a central point. From this point, an arrow points upwards to the 'AbstraktKategoria' class, indicating that all three subclasses inherit from the abstract class.
